

## **APRIL 21, 2021 11:30-12:30**

# **WEBINAR**

# **PLASTIC SHRINKAGE CRACKING**

The focus of the presentation will be predicting when plastic shrinkage may occur and solutions to prevent plastic shrinkage cracking including protection, admixture and fiber solutions. This exciting look at the world of plastic shrinkage cracking will feature a key but preventable issue of concreting. So tune in for the first in ACI's exciting series of Webinars and help us launch the year on a solid concrete foundation.

Register in advance for this Webinar:
